**Cellular One Now Offers the Best Unlimited Nationwide Rate Plan in “All of America”**

*--New plan includes all the same options and features of Verizon, Sprint or AT&T at \$20 less per month--*

**Missoula, MT – December 5, 2008**—Cellular One announces today a new nationwide, unlimited rate plan. The “All of America” plan includes nationwide unlimited voice and text with no roaming or long distance charges for only \$79.99. The All of America plan offers the same features that other wireless carriers offer for \$99.99, making Cellular One’s the most attractive nationwide unlimited plan currently offered in the United States. Customers who choose this plan are guaranteed no rate increases during their contract term.

“In today’s economy, everyone is looking for ways to streamline their bills,” said Jonathan Foxman, President and CEO of Cellular One. “We wanted to introduce a rate plan for our customers that takes the worry out of bill paying, keeping cellular service simple and, most of all, affordable. Cellular One’s All of America plan offers customers access to not only the Cellular One network, but also to the nationwide networks of AT&T and T-Mobile at no extra cost.”

Cellular One is pleased to offer GSM Technology, Global System for Mobile Communications, one of the most advanced wireless technologies in the world. The Cellular One all-digital GSM network is more advanced than current CDMA technology and allows for a wider offering of products and services. GSM Technology is the most successful digital technology in the world, offering customers better call quality and state-of-the-art GSM phones. Cellular One is the only wireless provider to offer GSM technology on a complete network within Montana. Other carriers offering GSM technology within the United States include AT&T and T-Mobile.

### **About Cellular One**

Cellular One is recognized for the quality of its state-of-the-art GSM network, which allows for exceptional nationwide coverage, and for a remarkable team that is committed to the company's mission of delivering *'knock-your-socks-off'* service. Cellular One currently provides nationwide wireless voice and data services to customers who reside in Montana, Wyoming, Oklahoma and Texas.
