Cellular One School Rebate Program Helps Two Butte Area Schools

Support Educational Programs for Students

Missoula, MT - May 13, 2009—Continuing to demonstrate their commitment to giving back to local Montana communities, Cellular One presented the first quarterly donation checks to Hillcrest School and Powell County High School, on Tuesday, April 21, 2009. The donation is part of the Cellular One School Rebate Program, which offers customers the opportunity to identify a school of their choice to receive 3% of their cell phone bill each month. This first quarterly check donation represents the very first customers who have signed up for the program. The more customers that sign up, the greater the checks become. Principal Susan Johnson of Hillcrest School and Principal Kerry Glisson of Powell County High School accepted the checks on behalf of their schools.

Johnson noted, "We plan to use this donation from Cellular One to help us move closer toward purchasing SMART Notebook Math software for our SMART Boards. Eventually we'd like every student at Hillcrest School to have access to this software, which is designed to teach math on an interactive whiteboard that provides the digital tools needed to create content, and to recognize and graph equations within the context of a lesson."

(Susan Johnson, Hillcrest School Principal with Amy Gallagher, Cellular One Public Relations Manager)

For Glisson, "It is a nice surprise to receive this check from Cellular One at a time when most companies are cutting back with this type of funding. We look forward to using the funds to support some of the exciting Powell County High School student activities and programs that we have planned for the rest of the school year."

(Kerry Glisson, Powell County High School Principal with Amy Gallagher, Cellular One Public Relations Manager)

The Cellular One School Rebate Program allows Montana schools to raise much-needed funds at no cost to the schools or to the participants. Any Cellular One customer may decide to participate by simply selecting a school of their choice. Cellular One then donates 3% of that customer's monthly service fee to the school on a quarterly basis to be used at the school's discretion.

"Cellular One is committed to giving back to the state of Montana in any way that we can," stated Jonathan Foxman, President and CEO of Cellular One. He added, "We understand how vital corporate funding is for our nation's schools and for the education of our children. The Cellular One School Rebate Program provides an opportunity for our customers to put their hard earned dollars right back into their own local communities by allowing them to select a school of their choice."

Cellular One customers can sign up to participate in the School Rebate Program at any time by visiting a local retail store or authorized dealer location. This program is offered exclusively through Cellular One. Schools are also encouraged to reach out to Cellular One to discuss additional ways that they can participate in the program and begin receiving funds on behalf of Cellular One customers.

About Cellular One

Cellular One is recognized for the quality of its state-of-the-art GSM network, which allows for exceptional nationwide coverage, and for a remarkable team that is committed to the company's mission of delivering *'knock-your-socks-off'* service.
