**WIRELESS SERVICE PROVIDERS TEAM UP TO MEET CONTINUED DEMANDS OF CONSUMERS**

**August 15, 2008, Houston, TX:** TeleMergence Services Ltd has recently been contracted to provide Transport Management Services expertise to wireless service provider Cellular One (MTPCS LLC.) in its Montana and Wyoming markets.

TeleMergence, through the use of a SaaS model is providing Circuit Inventory Management, Asset Inventory Management, and Network Optimization services to Cellular One.

With Cellular One’s recent acquisition of the AT&T Dobson markets of Texas –RSA 10, and Oklahoma-RSA 5, TeleMergence will further assist the carrier in the transition and revamp of these recently acquired markets.

“TeleMergence is able to provide a turn-key operation to Cellular One offering service, software solutions and back-up support to their network operations,” said Will Robinson, CEO of TeleMergence. “This will result in increased efficiency and cost savings as well as increased access to wireless services for their customers,” continued Robinson.

**About TeleMergence Services Ltd:** Focused exclusively on wireless, TeleMergence provides integrated, end-to-end solutions from business and technology strategy to engineering services. TeleMergence helps clients stay ahead of the market with high-quality, comprehensive solutions to complex business and technology problems. Designing and optimizing 3G networks, adding emerging technologies, such as Wimax, TD-CDMA, CDMA, IMS, UMA and HSDPA, to existing networks, providing core network engineering and operational support. Telemergence Services Ltd is based in Houston, Texas and offers services in North America as well as Internationally.
