Cellular One Coverage on MacDonald Pass

August 13, 2008, Missoula, MT - Cellular One, Montana’s wireless service provider featuring nationwide coverage and GSM network technology, is pleased to announce that effective August 8th Cellular One has activated a tower along US Highway 12 on MacDonald Pass.

“Cellular One coverage extends along US Highway 12 from the base of the pass to the Continental Divide offering both Cellular One and out-of-state GSM customers excellent coverage,” said **Marc Leclair, EVP and Chief of Technical Operations for Cellular One.**

US Highway 12 is a main transportation route for residents, truckers and visitors to Montana and is an important part of Cellular One’s growth plan for the southwest corner of the state. Cellular One serves this area from its Helena retail location as well as through Authorized Dealers in Helena.

Cellular One’s strategy is to provide coverage to its customers in cities where they work, in rural areas where they live and in recreational areas where they visit. In order to provide quality GSM coverage to its customers Cellular One has activated over 70 cell towers statewide in the past 18 months with continued plans for future growth in the state of Montana.

About Cellular One: Cellular One provides nationwide wireless voice and data services to customers in Montana, Wyoming, Oklahoma and Texas. Cellular One is recognized for the quality of its state-of-the-art GSM network and for an exceptional team that is committed to the company's mission of delivering 'knock-your-socks-off' service. Cellular One is headquartered in Missoula, Montana with retail locations throughout the state. For more information on Cellular One, call 1-877-424-4666 or visit us online at www.cellonenation.com.
