**Twin Creeks, Montana Receives GSM Cellular Coverage with Launch of
New Cellular One Cell Site**

Missoula, MT – February 9, 2009—Cellular One announced today the launch of another new cell site in the state of Montana. This new site is located in Twin Creeks, just outside of Missoula, and is the first site built by any carrier along Highway 200 west of Lincoln, MT and East of Bonner, MT.

Residents and travelers between the towns of McNamara and Potomac now have access to the advanced GSM network.

“Cellular One continues to make huge strides in wireless coverage, products, and rate plans for the residents of the state of Montana,” said Jonathan Foxman, President and CEO of Cellular One. He continued, “We are very pleased to once again bring reliable cellular service to an area that had no former coverage.”

About Cellular One

Cellular One is recognized for the quality of its state-of-the-art GSM network, which allows for exceptional nationwide coverage, and for a remarkable team that is committed to the company's mission of delivering *'knock-your-socks-off'* service. Cellular One currently provides nationwide wireless voice and data services to customers in Montana, Wyoming, Oklahoma and Texas. For more information on Cellular One, call 1-877-424-4666 or visit us online at www.cellonenation.com.
