

PALM TREO DATA SETUP

Please note at this time the TREO is not capable of downloading ring tones/pictures from our WAP portal or sending picture messages. It is only capable of viewing web pages or e-mail at this time.

To Setup Internet:

Press Home button to go to Menu

Select Prefs

Select Network

Name: Internet

Connection: GPRS

User Name: Leave Blank

Password: Leave Blank

APN will read "internet.chinookwireless.com"

CHANGE APN to read "**internet.chinookwireless.net**"

Select Done

Customer may have to navigate back to Prefs->Network->Internet and choose "Connect" before being able to view web pages.

POWER CYCLE THE PHONE!
